

ICPN
2020

**International Conference on
Pediatrics & Neonatology**

February 24-25, 2020 | Amsterdam, Netherlands

About ICPN 2020

ICPN 2020 conference designed to provide Paediatricians, physicians, neonatologists, Pediatrics nurses and other allied experts in the field of child health care with up-to-date research work in Pediatrics and to create an invaluable channel to network with global and regional leaders as well as to collaborate with them

The platform includes the most influential speakers, keynotes and informative panels. The series of keynote talks, workshops, poster presentations, discussions and networking events will keep the attendees occupied with learning and making new associations.

As Pediatricians, neonatologists, nurses and specialists from all over the world meet altogether to share and improve their knowledge in the field, we wish all children will receive better therapeutic treatment, health care access and quality.

We encourage delegates to use this conference as a meeting place to assemble their academic interest group for global deliberations.

Mark your presence and meet your peers!

Here are the top four reasons not to miss this meeting.

1. Discover new and cutting-edge research:

Gain insight about the latest trends in science and enhance your knowledge beyond your scientific field of interest. With a robust scientific program, this is a new path that links and organizes select sessions from the scientific program into cross-disciplinary themes.

2. Supreme visibility for your science:

The conference draws together both luminaries in their fields and up-and-coming talent. With participants ranging from students to academics to policy makers, there are plenty of opportunities to seek out funding for new research and get quality feedback before publishing your research in a peer-reviewed journal.

3. Network with your peers:

The meeting offers unlimited opportunities to network with your colleagues from diverse backgrounds and regions. Kick off the meeting with your peers at the opening ice breaker reception and connect with people who specialize in your field during daily networking breaks.

4. Advance your career:

The meeting can help advance your career and increase your worth to potential employers.

About Amsterdam

Amsterdam, capital of the Netherlands! These days the city has a population of just over 790.000 inhabitants and is the largest city in the country. Amsterdam, capital of the Netherlands! These days the city has a population of just over 790.000 inhabitants and is the largest city in the country. Amsterdam is located in the province 'Noord-Holland', situated in the west. It is one of the most popular destinations in Europe, receiving more than 4.5 million tourists annually. Amsterdam has a great history. It is very unique for its large and untouched historic centre. It has a rich architectural history, dominated by water. It is a meeting point for all different cultures around the world and has a welcoming attitude towards visitors. Well known for its museums, red light district, coffee shops but also the great variety of eating & drinking places and night life. It even claims to be the 'Gay capital of Europe'. Therefore a lot of hotels and hostels can be found on different locations, value for money and ambience.
